Careers

Ready

Three sessions for disadvantaged Year 9, 10 or 11 students who would benefit from small group career sessions

NEET, Refugees, Pupil Premium, from Service Families, SEND in some contexts

Delivered by Level 6/7 qualified career advisers from the Careerpilot Team based at the University of Bath

Building on our experience delivering this programme in 11 schools and 1 college, we can offer this impactful opportunity to other organisations so that their students can also benefit from small group careers sessions (costs apply).

3 SESSIONS

CAREERS PROGRAMME

What Inspires You?

Students will understand the importance of careers and be aware of their next career steps. They will use Careerpilot to assess their motivations, values, skills and see where these interests can lead.

Explore Jobs and Courses

Students will explore job sectors and jobs that match to their interests and learn more about the different pathways they can take and start to explore courses.

Make a Plan

Students will use the knowledge they have built from session 1 and 2 to start making a plan for their next and future career moves. The adviser will give them individual top tips to help them go further with their plan.

**DELIVERED IN SMALL GROUPS OF 5, ONE HOUR PER GROUP
= 25 STUDENTS IN A DAY, THREE TIMES OVER 1-3 MONTHS**

Next Step

Careers

Ready

The Careerpilot Team has delivered this programme to over 500 disadvantaged students in Year 9, 10 and in a college.

The sessions have been a great success.

Would you like your students to have this opportunity?
(costs apply)

The sessions are available to schools in the West of England and Swindon & Wiltshire Careers Hub regions.

What have you learnt?

"I know some jobs that link to things I enjoy."

"The jobs I can do based on qualifications."

"That I need to focus on biology and chemistry."

How does it work?

- The school identifies the students who will benefit from these sessions and provides a space with a computer/laptop for each student.
- Students will be in groups of 5 for a 50-60 minute lesson and have three sessions over a period of one to three months. The sessions will be delivered to align with the career choices students are exploring or making in that year. A member of school staff will be expected to support the sessions.
- The sessions will be delivered by a qualified career adviser with either a Level 6 or 7 career guidance qualification, all work for the Careerpilot Team and are employed through the University of Bath. All have Enhanced DBS Certificates.
- The sessions will help students through a career decision-making process and support them in understanding more about their own motivations and where these could take them. As they proceed through the 3 sessions, students will complete a workbook of their personal choices.
- In the final session, the adviser will support the students to create a next stage plan which will be written as a short report with useful and personalised links, available to the student and the link school staff member.
- As part of the session the students will set up their own Careerpilot account.

What does it cost?

The costs of the three small group sessions of up to a maximum of 25 students will be **£1700**. (that's £68 per student for three sessions!). All materials will be provided.
