

Hot Jobs Bingo

KS3 1.1—20 min activity

Gatsby 1,2

- Students can work individually or as a group to play Hot Jobs Bingo
- Students are given a pre-prepared grid with jobs on—see examples below
- The teacher or another student randomly chooses jobs from a prepared list
- The winning student / group is the first one to cross off all of the jobs on their grid

As a follow up the teacher can show students the information on the [job sectors](#) part of the Careerpilot website or use the Hot Jobs resources as a discussion point

Do any of the jobs appeal to the students? Would they like to find out more?

Extension: Students could use www.careerpilot.org.uk to research the jobs that they are interested in or find the one that has the highest salary

* If students register on Careerpilot they can bookmark individual jobs and save them in their Career Tools

Physiotherapist	Nutritionist	Solicitor
Early Years Teacher	Hospital Doctor	Nurse
